MUHAMMAD SAAD JADOON

Artificial Intelligence Student | Machine Learning & Generative AI | Full-Stack AI Development

Havelian, Khyber Pakhtunkhwa, Pakistan | +92 336 7705145 | m.saadjadoon1@gmail.com | LinkedIn | GitHub

PROFESSIONAL SUMMARY

Artificial Intelligence undergraduate at the University of Haripur with a 3.98/4.00 CGPA, currently the overall batch topper and recognized among the university's top four students. Experience covers machine learning, generative AI, full-stack AI applications, computer networking, and digital technology. Built practical systems across finance, speech, computer vision, healthcare, code intelligence, and education, with additional client-facing experience in WordPress, Technical SEO, paid media, and social media operations.

TECHNICAL SKILLS

Machine Learning & Deep Learning: Python, Scikit-Learn, PyTorch, XGBoost, SVM, Random Forest, CNNs, feature engineering, preprocessing, cross-validation, calibration, model evaluation

Generative AI & NLP: LLM integration, prompt engineering, structured outputs, conversational AI, NLP, context management, multimodal workflows

Backend & Full-Stack AI: FastAPI, Pydantic, REST APIs, React, JavaScript, SQLAlchemy, SQLite, Pandas, NumPy, Git, GitHub

Networking & Digital Technology: Cisco IOS, LAN/VLAN, DHCP, DNS, TCP/IP, network security, WordPress, Technical SEO, Google Ads, Meta Ads, social media management

TECHNICAL EXPERIENCE

Machine Learning Virtual Intern
10 Jul 2026 - 10 Aug 2026

CodeAlpha | *Remote*

- Completed Credora, INFLECT, WriteLens, and HeartTrack, applying preprocessing, feature engineering, model comparison, cross-validation, calibration, evaluation, artifact export, and FastAPI integration.

Generative AI Virtual Intern
10 Jul 2026 - 10 Aug 2026

Decode Labs | *Remote*

- Developed AI applications for code review, copy transformation, conversational workflows, and multimodal use cases using structured prompting, validation, FastAPI services, frontend integration, persistence, and testing.

IT & Computer Networking Intern
Jul 2025

Telephone Industries of Pakistan (TIP) | *Haripur, Pakistan*

- Configured LAN/VLAN environments, Cisco routers and switches, IP addressing, access/trunk ports, gateways, DHCP, DNS, network controls, and connectivity troubleshooting.

PROFESSIONAL EXPERIENCE

Social Media Marketing Specialist
Current

Social Trend Network

- Manage Meta Ads, Facebook page publishing, audience growth, page health, access, and monetization tracking, with structured performance reviews and follow-up priorities across page operations.

Lead Digital Consultant, Marketing Specialist & WordPress Developer
May 2024 - Jun 2026

be RYZEL | *Haripur, Pakistan*

- Delivered WordPress development, Technical SEO, Google Ads, Meta Ads, social media workflows, and SEO content strategy for clients including Diamond Paint and businesses in the United States and Canada.

EDUCATION

BS in Artificial Intelligence
Current | CGPA 3.98 / 4.00

University of Haripur | *Haripur, Pakistan*

- Overall batch topper and recognized among the top four students across the university for academic performance.

FSc | Tameer-i-Wattan Public School & College, Abbottabad **1042 / 1100**

PROJECTS

EduNova AI - Online Learning Platform | **Full-Stack AI** | **FastAPI** | **SQLAlchemy** | **Learning Analytics**

- Built an academic platform with teacher and student workspaces, virtual classes, quiz generation, assessments, results, revision workflows, and progress tracking; also published on Microsoft Store.

Credora - Credit Risk Assessment System | **Scikit-Learn** | **Feature Engineering** | **Random Forest** | **FastAPI**

- Compared Logistic Regression, Decision Tree, and Random Forest with shared preprocessing and stratified evaluation; the best-performing Random Forest achieved 92.22% ROC-AUC.

INFLECT - Speech Emotion Recognition | **Acoustic Features** | **PCA** | **RBF-SVM** | **Calibration**

- Built a speaker-disjoint speech emotion recognition pipeline using acoustic feature extraction, PCA, calibrated RBF-SVM modeling, and probability-based analysis.

WriteLens - Handwritten Character Recognition | **PyTorch** | **CNNs** | **Computer Vision** | **TorchScript**

- Trained custom CNN classifiers with preprocessing and augmentation; achieved 99.74% MNIST accuracy and 83.95% EMNIST ByClass accuracy, with TorchScript inference.

HeartTrack - Heart Disease Risk Prediction | **SVM** | **Random Forest** | **XGBoost** | **Calibration**

- Compared multiple classifiers using cross-validation and calibrated probabilities; the selected SVM achieved 89.51% holdout ROC-AUC.

CodeFix AI - Intelligent Code Reviewer & Explainer | **LLM Integration** | **Tree-sitter** | **FastAPI** | **React**

- Built a code-review workspace combining structured AI analysis with deterministic syntax validation, corrected-code guidance, searchable history, and clear technical explanations.

Additional portfolio work: Prismora, AI Quiz Generator, and GPA Calculator.

ACHIEVEMENTS & AWARDS

Prime Minister's Youth Laptop Award - National Academic Recognition

- Received directly from Prime Minister Muhammad Shehbaz Sharif on 17 December 2025; selected among four students across the University of Haripur and the only student from the department in that group.

Overall Batch Topper

- Currently ranked first overall in the BS Artificial Intelligence batch at the University of Haripur.

Merit Scholarship - University of Haripur

- Received a merit-based scholarship for academic performance.

Merit Scholarship - College Studies

- Received a merit-based scholarship during college studies for strong academic performance.

CERTIFICATIONS

- Machine Learning Virtual Internship - CodeAlpha | Credential ID: CA/DF1/191452 | Issued 11 Aug 2026
- Generative AI Virtual Internship - Decode Labs | Credential ID: GA076112 | Issued Aug 2026
- Computer Networking Internship - Telephone Industries of Pakistan (TIP) | Completion credential issued 2025
